Salina Area Technical College will practice shared governance committed to the best interests of the students and the college. It is imperative that those providing leadership participate in the decision making process and do so in an environment of cooperation and trust.

The fundamental principles of shared governance include participation, collaboration, respect, inclusion, cooperation and trust.

Towards that end, many committees have been established to provide input on an ongoing basis, including: President's Cabinet, Extended Cabinet, Academic Affairs, Assessment, Facilities, Safety, and Technology. Minutes from President's Cabinet and Extended cabinet are mailed to all staff. Other minutes will be made available on request.

The Student Government Association President is a member of Extended Cabinet and provides input to campus leaders on a variety of topics. Students are invited to participate in other committees.
