Area: Student Services

Policy Name: Academic Advising

Policy Statement: Salina Area Technical College (SATC) is dedicated to helping students to achieve their educational goals in a timely and efficient manner. By ensuring students are taking the courses necessary for their declared program of study and by outlining the proper sequence of courses, the college can help students complete in a timely manner, while also reducing potential adverse financial aid implications.

Procedures: All new degree seeking students shall develop, in concert with an academic advisor, a Program Guide within the first semester of attendance. The Program Guide will be used as a tool to guide students in the course selection process to assure timely completion of the student's program of study.
