NUR 200 LPN to RN Transition

1 Credit (1:0:0)
(Prerequisite: Admission to the program)

This course focuses on the role transition from LPN to RN. Emphasis is placed on the nursing process, communication, and critical thinking skills. Program concepts are taught. Personal effects of change. Principles of evidence-based nursing research to guide teaching/learning. Understand regulatory framework under which nursing practices.

NUR 205 Health Assessment and Advanced Nursing Skills

3 Credits (3:0:0)
(Prerequisite: Admission to the program)

This course focuses on the skills necessary to complete a comprehensive and focused health assessment of patients, and on IV therapy. Health assessment includes history taking, identification of risk factors, and physical assessment techniques for patients of all ages. Specific body systems are emphasized. Principles and practice of IV therapy are emphasized. Lab time will be used to practice skills. Competency testing will be done for physical assessment and IV therapy skills.

NUR 210 Complex Care need of the Mental Health and Maternal Child Populations

8 Credits (5:0:3)
(Prerequisite: NUR 200, NUR 205 with a grade of "C" or better)

This course focuses on mental health and maternal-child and pediatric patients. Health promotion, illness prevention, and maintenance of health are emphasized in either acute or chronic conditions. Within the maternal child population, the focus will be on high risk mothers and babies. The nursing role is emphasized. Emphasis in preventive, supportive, and therapeutic care is offered through clinical experiences in the care of the obstetrical patient and newborn, child, and adolescent and in mental health care settings.

NUR 220 Complex Care Needs of the Adult

10 Credits (7:0:3)
(Prerequisite: NUR 210 with a "C" or better)

This course focuses on the nursing care of adults with complex medical-surgical acute or chronic conditions. The expansion of the nursing role to families and groups is emphasized. Health promotion, illness prevention, and maintenance of health are emphasized.

NUR 230 Nursing Leadership and Management

2 Credits (2:0:0)
(Prerequisite: NUR 210 with a "C" or better)

This course focuses on nursing leadership and management as it applies to an ADN-prepared nurse working within a health care system. Current issues affecting the nursing profession and healthcare are also discussed.
