

Salina Tech will provide COVID updates on Tuesday and Thursday each week. Updates will include new positive cases within the College on campus students and employees since the earlier update and updated Saline County numbers. All students and employees exposed to a positive case at Salina Tech will be notified by their local health department and/or Salina Tech.

The College works closely with area health departments when notifying students of exposure to a COVID case and quarantine requirements. Students and employees will receive communication directly from their county health department on what guidelines they need to follow.

The College will preserve the privacy of all students and employees who are either positive for COVID or have been exposed.

SALINE COUNTY HEALTH DEPARTMENT

SALINA TECH

As of May 4, 2021

Current Positive Cases	0
Total Positive Cases	36

Current cases consist of students or employees currently in isolation. Once a person can leave isolation, he/she is no longer counted as a current case.
 Positive case does not mean exposure on campus.
